Signature Page: E-Mail Communication

E-mail is not a secure means of communication, but I am comfortable having conversations over e-mail, with your consent, that may include more personal information beyond scheduling and logistical issues. My email address is: ks@emergepsych.com.

If you elect to communicate with me by email at some point in our work together, please be aware that email is not completely confidential. I do use encryption software as a means of protecting your health information. All emails are retained in the logs of your or my internet service provider. While under normal circumstances no one looks at these logs, they are, in theory, available to be read by the system administrator(s) of the internet service provider. Any email I receive from you, and any responses that I send to you, will be kept in your treatment record.
